- JavaScript, TypeScript
- React
- Wordpress

- Svelte
- Python
- SQLite

Education

PSUTI, Infocommunication technologies and communication systems, 2021 г.

English C2 — Proficient

About me

I'm interested in creating high quality and performant web apps and websites.

I'm looking forward to working with JS-frameworks, such as React, Vue or Svelte.

Learning projects

github.com/reptofrog/player

React music player that plays content from YouTube.

github.com/reptofrog/patterns

A simple tileable pattern editor made with React.

Other skills

Godot Engine

I developed an Android game with Godot Engine in 3 months.

bit.ly/3D7LzDE temporarily out of Google Play

Digital Art

I have modest experience in digital illustration and 3D modeling.

Some knowledge of tone, color and the like allows me to add personal touches to the projects I work on when needed.

Thank you!
